

Stay Dry at Night: Welcome to our 90-day Money Back Guarantee Policy!

Stay Dry at Night is committed to helping your child become dry at night, which is why we offer a 90-day money-back guarantee on our program.

We want you to know that you can ask for a refund if your child hasn't shown any improvement or substantially reduced bedwetting after using the program.

For the best results, we ask that you embrace our program with commitment and dedication.

Here's how you can get the most out of it:

- 1. Commitment to the Program:** We encourage you to fully immerse yourself in the program for at least 8 weeks unless your child achieves dry nights before then. We know that real progress can take time, positive parental involvement, and consistency.
- 2. Checklist Completion:** Engage with the program by completing the program checklist. This will guide your journey and ensure you're implementing the techniques and exercises at the right time.
- 3. Listening to Recordings:** Consistently listen to all three recordings on rotation each week, as directed by Ginny or outlined in the program instructions.
- 4. Engagement with Techniques:** Participate in the Sensation Awareness Technique and the Powerful Reinforcement Technique as instructed, following the recommended timelines.
- 5. Poo Diary Completion:** Download the 'Poo Diary' and stool chart and assist your child in completing it for two weeks. This step is crucial.
- 6. Completion of Exercises:** Encourage your child to participate in the recommended physical exercises twice a day for 1 to 2 months. Consistency is key.
- 7. Consultation with Doctor:** Consult with a healthcare professional before and/or during the program. This ensures the program aligns with any medical considerations.

If you have completed the program and you find that it hasn't delivered the results you hoped, please contact Ginny directly at ginny@staydryatnight.com. Refund requests must be made within 90 days of the initial purchase date.
